The College of Charleston Offshore Sailing Team is excited to return to defend their title at

Port of LA Harbor Cup. After a strong victory in 2019, the team has continued to build from their success over the past year with a win in the Kennedy cup and second places in Larchmont at IOR in the Figaro class as well as a second in the Southern Collegiate Offshore Regatta (SCOR).

This will be the cougars 8th year in LA, with an impressive history at the event. This year's team consists of virtually the same talented group of sailors from last year's winning team with 2 new freshman making the trip this year.

Coach Ned Goss will be accompanying the team to LA. He has led the team to much success during its inception. The 21-member team regularly practices on their Melges 30 and J/36 in Charleston Harbor and is proudly represented by the following sailors this year- which they are honored to attend!

UNITED STATES COAST GUARD ACADEMY

The United States Coast Guard Academy Offshore Sailing Team is a tight-knit group of sailors that draws members from all over the country. The team is traveling with coach Lincoln White, focusing on racing skills and team dynamics from a great summer and fall sailing season. The summer training period is a time for the Summer Ocean Racing program, a professional development and leadership opportunity that includes races such as the NYYC Annual Regatta, the Annapolis to Newport Race, and the Newport Bermuda Race.

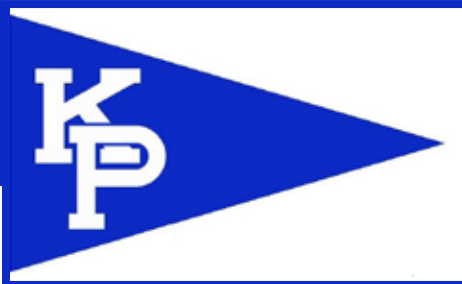

Harbor Cup signals the official start of USCGA spring offshore sailing, a majority one design racing season on the Academy's fleet of J-70s. The Catalina 37s offer the chance to expand on our sailing abilities while interacting closely with other college sailors. Coast Guard Sailing is excited to do some west coast racing and appreciates the opportunity to return to Los Angeles Yacht Club.

UNITED STATES MERCHANT MARINE ACADEMY

The US Merchant Marine Academy is excited to be returning to the Harbor Cup.

The dates of the event are such that our juniors will still be at sea and our sophomores will have just returned from sea. The breakdown of different classes will be very similar to last year. One senior, five sophomores and two freshmen. We are hoping not to have a repeat of last year, which found two of our sophomores stuck on their ships and missing the event!

The core of sophomores had a very successful spring and fall season in 2019 logging almost 3500 nautical miles together. They accomplished this through a combination of buoy races, offshore races and deliveries.

This is another big year for the team between the Harbor Cup in March, Newport to Bermuda Race in June, and a packed schedule in between.

Navy's crew for 2020 will be skippered by Don Poirier (tactics) who will be accompanied by Katie Boyle (helm), Zack Bauer (main), Matt McClelland (jib), Tim Forman (spin), Ashley Koenig (pit), Matt Gillcrisp (mast) and Tom Hawkins (bow). Poirier and Boyle were in similar roles for the GLIOR last fall in Chicago where they and their crew won the J/105 class. This crew has been training together in Annapolis since returning from winter break and will compete in the SCOR in Charleston prior to the Harbor Cup. Poirier skippered Navy's winning crew for the 2019 McMillan Cup and was primary helmsman aboard the Academy's RP 66 ZARAFFA when they were overall winners of the Marblehead to Halifax Race. Tom Hawkins served as XO and bowman aboard ZARAFFA. Boyle served as primary helm aboard the Academy's Ker 50 WAHOO (which was skippered by Matt McClelland) and won the Around Long Island Race. The rest of the crew has experience aboard Navy 44s, Farr 40s and TP 52s and is very much looking forward to this year's Harbor Cup.

The Catalina 37 fleet, donated by Frank Butler, the president of Catalina Yachts, has been used for Long Beach Yacht Club's signature event, Congressional Cup, for more than two decades. The Long Beach Sailing Foundation, a 501 (c)(3) nonprofit organization was formed in 1991 to own, manage and maintain the eleven "37s." As a part of its mission, the Foundation undertakes activities that promote national and international amateur sailing, maritime education and youth sailing opportunities. In the process you will find the Catalina 37 fleet at the core of all the work the Foundation does. This Harbor Cup weekend you will see the Catalina 37's in the hands of some of the best collegiate sailors and skippers in United States. To provide the fairest possible racing, the Foundation maintains the boats to an identical standard in all performance-related areas: weight, equipment, rig tuning and sails. This is possible through the tremendous efforts of dedicated volunteers, contractors and supporters. The Foundation is honored and grateful for the wonderful partners that are essential to maintaining the fleet. Special thanks go to Catalina Yachts, Bahia Marine/Quantum Sails Long Beach, our maintenance partner and to Sampson Rope Technologies for "keeping the fleet rigged."

The Long Beach Sailing Foundation is proud to participate with Los Angeles Yacht Club, Cal Maritime Academy and the Port of Los Angeles in supporting intercollegiate fleet racing and helping to make Harbor Cup the outstanding event that it is.

Good luck Harbor Cup racers!

An aerial photograph of a harbor, likely Marina del Rey, filled with numerous sailboats. In the background, a large, white, classical-style building with a dome is visible. The water is a deep blue-green, and the surrounding hills are lush with greenery. The text "Good Luck Harbor Cup Racers!" is overlaid in large, white, bold letters across the center of the image.
