Gear for those in Europe

Ensign Motifs, just west of Glasgow, have the Western Isles Cruise logo on a variety of items, see attached with prices. Ensign have included a rugby shirt with a large logo, embroidered on the back. In fact that logo may be embroidered on the back of any item for an extra £5. Their prices include VAT. Shipping will be expensive to the US and perhaps Ireland? So for those not in the UK, you may ask Ensign to hold your garments and then you can collect them from Registration at Kerrera, July 19th.

Links below for further garment information and colour choices.

Please be aware that Ensign Motifs also have the art work for the burgees for all the five European clubs. So you may add your own burgee or two? This will incur a small set up fee for the first use, but you may order from Ensign again in the future with your burgees.

To order please email Cara cara@ensignmotifs.co.uk or call Cara at 0044 1436 842 581
